		I cannot cover the estimated charges and I will request a partial or full waiver of page charges by following the instructions below.	
	Name:	Date: _	

If you wish to apply for a partial waiver: Send an email to pgchgwaiver@ametsoc.org indicating the amount that you will be able to pay. Partial waivers are for those authors for whom the total projected costs are too great a burden, given legitimate funding constraints or other circumstances that they outline in an email request. Authors will receive a decision on their waiver application within 5 business days from the point at which manuscript qualification is completed. After the waiver decision has been issued, the paper can enter peer review.

If you wish to apply for a full waiver of charges: download and complete a Full Waiver Application form and email it to pgchgwaiver@ametsoc.org. Be sure to detail as much as possible the circumstances that make payment problematic. Complete waivers are for those authors who, as a result of legitimate circumstances, cannot cover any of their page charges. Authors applying for full waivers may need to wait for up to three months for decisions on their waiver applications, and submissions will not begin peer review until waiver decisions have been issued.

** This is a PRELIMINARY ESTIMATE; invoices will be based on final layout. In addition to page charges, additional charges may be assessed for excessive changes/edits to typeset proofs, processing of multiple figure files for single figures, and rekeying in of manuscript files that cannot be converted to an editable file.
